

Daniel High – Shire of Broome

Daniel High has over 15 years experience in urban regeneration, large scale capital projects, placemaking and labour market and employment services contracting across WA.

Daniel has a Bachelor Degree in Commerce from Curtin Business School, is a graduate of the Australian Institute of Company Directors and has an advanced Diploma in Management Leadership.

Daniel has worked on some of WA's largest urban developments including Elizabeth Quay, Perth City Link, The Midland Workshops, The Perth Cultural Centre revitalisation and the William Street Creative Industry revitalisation for over seven years. Roles at the Metropolitan Redevelopment Authority included Business Services, Governance Manager, Project Management and Place Activation Manager.

Daniel has experience in place management, place and destination branding and utilising a multi disciplined approach across planning, urban design, development, infrastructure planning, capital works and capital investment to create great places.

Daniel is the Economic Development Manager for the Shire of Broome and commenced in the role in January 2015.
