

## **Kimberley Economic Forum COVID-19 Plan**

COVID-19 is impacting the way in which events are able to be run. It's important that you understand the precautions that we are taking to ensure your safety and what may happen should circumstances change.

### **What measures are being taken to ensure the safety of participants and to reduce the risk of the spread of COVID-19 at our event?**

The event will comply with all COVID safe measures being put in place by both federal and state governments to ensure the safety of participants. As well as any regulations and venue policies, the event will look to maintain social distancing, increase sanitisation, decrease congestion in all areas, attendees will be asked about their health and those with flu-like symptoms may not be permitted to attend. These measures may change in line with the most up to date health advice.

The safety of our attendees, speakers and staff is paramount and as an organisation we will work to ensure the safest environment possible.

### **What happens if government regulations or restrictions related to COVID-19 limit or prohibit me from attending in person?**

If your ability to attend the event live is impacted by government restrictions or if the event is postponed and you are unable to make the new dates, we will be able to refund the full value of your registration.

If at the time of the event government regulations/restrictions related to COVID-19 restrict or prohibit the ability of certain delegates to attend in person, where possible, we will either postpone the event or run a hybrid event (both live and virtual) to facilitate the virtual attendance of impacted attendees. The virtual experience would include a live stream and a recording of the sessions, made available to impacted attendees. If the live component is prohibited and a postponement is not viable, the event will run fully virtually.

If your ability to attend an event live is impacted by government restrictions and you decide that you do not want to experience the event virtually, or if the event is postponed and you are unable to make the new dates, we will be able to refund the full value of your registration.
